[Redacted] Subject: Order #A 970

Gentlemen:

You recently requested a breakdown of the tooling charge involved on your above purchase order.

Our unit price of \$15.64 each includes the amortization of tools, which total \$3,737.50. By deducting this tooling charge, you get a unit price for 1100 pieces, which figures out to \$12.74 each.

Very truly yours,

THE NEW HAVEN CLOCK AND WATCH COMPANY

JAF/my
